We need to verify that this is not already paid for…..this is still a lot of work

Danny

We can't use thumb drives

Can you cut the file in half and send two emails?

Phil,
Please see the email below from Tom and its attachment.

This should simplify the process.

Let me know of any questions.

Thanks,

Morning Danny and Tracey,
In our experience with LEED documentation it is best to have the furniture dealer complete (i.e. fill out the provided LEED documentation spreadsheet; attached) for our initial review. This is what the dealers will need to fill out and return. Perkins+Will will then forward it along to the GC for them to populate their portion of the spreadsheet and then submit to LEED Online. This flow is the best path to ensure that the documentation is being completed by all associated parties for both quantities and cost.
